Dear Chancellor Munoz Landron:

I'm writing to confirm receipt and acceptance of the revised Self Study Design submitted by Escuela de Artes Plasticas y Diseno de PR (Escuela), received July 21, 2020. I want to recognize the Steering Committee for their thoughtful approach to this process, in special to Dean Luis Brigantty, Co-Chair Dr. Shirley Tavares and to yourself, for the dedication and high level of commitment shows all through the document. The special consideration for the details and the section on critical resources will certainly be of benefit to all your community.

Your institution has prepared a design that will be your roadmap through a meaningful self-study as Escuela continues through the process until the Spring of 2022. The Institutional Priorities as expressed will promote an interactive learning and engaging environment. They are timely and will be central to guiding the Steering Committee and the working groups in their tasks. My advice is to focus in the development and completing the loop in all assessment processes. Ensure sufficient time and resources, to make this a meaningful process, to complete all the needed aspects of this Design in the self-study process. The more you involve and empower all constituents the more coherent and demonstrable the results will be for Escuela de Artes Plasticas y Diseno de Puerto Rico. Assess, keep data available and share it.

Please feel free to call or reach out to me for any questions or assistance you may need (787 477-0956).

Best regards,
